

THE COLD WAVE PASSES FROM MIDDLE WEST

MODERATE WEATHER WITH
SNOW NOW ENJOYED
IN ILLINOIS

Service Restored

Transportation Now On The
Move And Reaching A
Normal State.

CHICAGO, Ill., Dec. 22. (AP)—The cold wave which swept across the country this past week, paralyzing transportation, has spent its fury and is releasing its clutches on the midwest today. Moderate weather with snow is taking the place of the sub zero temperature which has been endured the past week. Telephone service which was so demoralized during the storm is fast being restored in the state. The service in the midwest is rapidly reaching a normal state although it will be some days yet before completed.

VIRGINIA LOW IN ACCIDENTAL DEATH RECORD

Richmond Highest Of Any State
City; Forth Worth Record Low.

Virginia stood ninth lowest among thirty-eight states from which statistics were secured, in the number of accidental fatalities per 100,000 population which occurred in the state in 1923, while Richmond is thirteenth among the cities of 100,000 in those states on the same basis, according to figures released today by the department of commerce at Washington.

Only eight states had a better record than Virginia's 63.9 deaths per 100,000, while twenty-nine cities surpassed Richmond's 77.3. Norfolk had 61.3.

Deaths from automobiles, railroads, street cars, other vehicles and accidents of all kinds are included.

More Death In '23.

Richmond, with 140, had far more accidental deaths in 1923 than any other Virginia city. Norfolk was next, with 96. Other Virginia cities listed are: Alexandria, 24; Danville, 20; Lynchburg, 35; Newport News, 10; Petersburg, 29; Portsmouth, 21; Roanoke, 60.

States which had lower accidental death rates per 100,000 population than Virginia are: Georgia, Iowa, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee and Wisconsin. The lowest of all was Mississippi, with 57, and the highest was Wyoming, with 193.1.

Virginia's city death rate from accidents was much higher than the rural rate, the figures being 74.7 and 60.1. Accidents throughout the state were divided as follows: Automobiles, 8.3; railroads, 5.7; street cars, 0.8; all others, 48.1.

Fort Worth Lowest.

Seranton and Camden had the highest rates among the cities of 100,000 population, their figures being 144.3 and 120. Fort Worth was lowest, with 47.3.

In actual number of deaths from accidents, Virginia is twenty-second among the thirty-eight states with 1,532, of which 460 were in city and 1,062 in the rural districts.

Key West Record Perfect.

No deaths from automobile accidents were charged to twenty-five cities of 15,000 population or over. The only Southern city on this list was Key West, Fla. Among the others included was Bath, Me., and Monclair, N. J.

Richmond Stands Fortieth Among Cities Of The Country In Number Of Automobile Fatalities For The First Ten Months Of 1924 Of 1924

According to figures published last week in The News Leader, and compiled by the national automobile chamber of commerce, Richmond had twenty-four such deaths, while Norfolk had only six.

Liquor Is Hidden Behind Panelling Of Pullman Cars

NEW ORLEANS, Dec. 22. (AP)—With the arrest of two St. Louis men yesterday officers said they have uncovered a liquor ring which used a new method of transportation. Liquor has been shipped from New Orleans to Denver behind the panelling of Pullman cars, it was disclosed.

John P. Martin, 30, and Sam Powell, 20, both of St. Louis, were taken into custody when twenty-eight sacks of whiskey and an automobile were seized in the Union Station.

The bootleggers unscrewed the panels from Pullmans in sidings, put liquor in the open space between the inner and outer side of the cars, screwed them up again and then wired confederates in Denver to code the name of the Pullman and the train it would leave on, according to the police.

122,000 Head Of Hogs Received

Largest Ever Received At
Chicago

CHICAGO—By far the greatest number of hogs ever received in Chicago, on a single day arrived December 15th, 122,000 head. This with 8,000 hogs, left over from the previous unsold, made the total on the market equal to a normal three days' supply for the packing houses here. Space to yard the hogs that were being unloaded was lacking and the alleys as well as the pens were crowded almost to the point of suffocation. An immediate drop of 25 cents a hundred weight in the price of hogs resulted.

Extreme scarcity and high prices of corn was assigned for the influx.

Public To Enjoy Unusual Program

Entertainment at Community Tree,
Carol Singing, and Children's
Play All To Be Given

Final plans for the Community Christmas program has been completed. The response to the Christmas call has been very generous as is usual in Middlesboro. The names on the committee's list have been carefully checked and worked over and a bountiful basket will be fixed for those families in the city who are found to be needy.

The festivities will start with the program at the tree at 3 o'clock Wednesday afternoon. Opening the program, a cornetist will play "Silent Night," during which the tree will light up. The Rev. Savage of the M. E. Church South, will lead those present in prayer. Several carols, led by T. R. Hill, will be sung. At the end of the program the gifts for the needy persons will be distributed.

In the evening, there will be caroling by groups of singers, between the hours of 8 and 9 p. m. All persons who wish the carolers to sing for them are asked to put a light in their windows. The carolling is in charge of Mrs. Ed Yeager, Mrs. J. T. Alderson, Virginia Warren and Rhea Venner.

On Friday night there will be singing of Christmas music at the tree at 7:30 p. m. There will be group caroling, a solo by Rhea Venner, a duet by Mrs. Yeager and C. G. Smyth, a quartet number by the Hoe brothers, a cornet solo and music by the Hambone quartet of the high school under the leadership of W. R. Poole.

Saturday afternoon at the Manning Theater, through the courtesy of the Brown Amusement Co., there will be a play "The Toy Shop," put on by the children of the school. This clever matinee will be at 2 p. m. with the motion pictures.

Gifts for the Community Christmas tree have been coming in rapidly. A great amount of food and useful things were brought by the children to their respective rooms at the school Friday. This will be packed in baskets Tuesday by members of the Red Cross and Woman's club, with the help of the Girl Scouts. The committee consists of Mrs. D. G. Hinks, Mrs. H. Saunders, Mrs. Luther Burnett, Mrs. O. O. Stone, Mrs. B. J. Bethurum, Mrs. H. E. Mote, Mrs. P. T. Colgan, Mrs. F. D. Hart Jr., and Mrs. Eunice Morris, with the Girl Scouts.

LOST AIR MAIL PLANE LOCATED IN ILLINOIS

Information As To Whereabouts
Of Pilot Gilbert Still Lacking

DEKALB, Ill., Dec. 22. (AP)—The damaged air mail plane piloted by Charles Gilbert, and which has been missing since last night was found today near North Kaneville, Illinois. The pilot has not yet been located.

When the plane carrying U. S. Mail failed to show up at its next stop, word was sent out and hundreds of searches hindered by darkness immediately began covering the open country about Kaneville in an effort to locate the lost plane and pilot and learn the nature of the accident which caused the stop.

One of the searches finally located the plane which had evidently crashed to earth but the pilot was not located. Whether he fell from the machine and will later be found at some distant point, perhaps dead or suffering from painful injuries or whether he was able to make his way to a near by city and lost consciousness before being able to make his identity known or tell of the lost plane is only a matter of guess as there is nothing to indicate whether he was injured or where he has gone.

AURORA, Ill., Dec. 22. (AP)—The body of Charles Gilbert, the air mail aviator, whose plane crashed to earth last night when caught in a blinding snow storm, was found today about half a mile from the wrecked plane.

The plane piloted by Gilbert was enroute from Chicago to Omaha. Details are lacking but it is evident that a accident befell the plane causing Gilbert to lose control of it. As it started on its downward plunge to earth, Gilbert, in an attempt to avoid certain death by plunging with the plane probably made use of the parachute which all mail aviators are supplied with. That the attempt failed is evidenced by the finding of the body this morning. Encircling the body was the belt to which the parachutes are attached but the fierceness of the storm was too much for the frail craft and it tore from him in the downward rush, only a small piece remained attached to the belt to tell the story.

Christmas Parcels Jam English Post

LONDON, Dec. 22. (AP)—The post offices of Great Britain are flooded with scores of thousands of Christmas parcels, carrying Yuletide cheer to friends and relatives in all parts of the far-flung British Empire, and officials estimate that the early mailings are 60 percent above the normal Christmas average.

For some remote parts of the empire, Christmas mails have already closed but to the others plum pudding, cakes, books, hundreds of thousands of toys of all descriptions and other gifts are still on their way in ever increasing quantities.

By the middle of November, 50,000 parcels had gone to India, New Zealand, South Africa, Australia, Straits Settlements, East Africa, Ceylon, Hongkong, Peru and Central America.

Paris Praises Lofty Sentiments

PARIS Dec. 22. (AP)—Paris today is talking admiringly of M. Robineau, governor of the bank of France, because he has refused a salary calculated on the basis of the depreciated franc. He still draws as compensation the same number of francs he did before the war. "I came to this bank poor and I shall leave it poor," says Mr. Robineau.

The minister of finance recently divulged this about M. Robineau in the chamber, and all the deputies applauded.

Governor Fields Is Indisposed

FRANKFORT, Dec. 22. (AP)—Governor Fields is reported ill at the executive mansion today necessitating a change in the Christmas plans to a very quiet observance of the day. It is understood the governor is suffering from gripe.

Cold Wave Causes Loss of Life; Cuts Wire Rail Service

Illinois, Iowa, Missouri
Report Wires Down
Mercury Keeps
Tumbling.

SKATE TO WORK

Seven Persons Lose Life In
Chicago As Result Of Slip-
pery Sidewalk and Streets;
Scores Suffering From In-
juries.

CHICAGO, Dec. 22. (AP)—The cold wave and the snow and sleet storms which centered in the north west and invaded the middle districts, piled up a large casualty list, and demoralized wire communication, is gradually passing.

Extremely low temperatures prevail in the northwest section, the minimum 32 degrees below zero in American territory and 36 below in Canada.

Wire conditions in Illinois, Iowa and Missouri are in a chaotic condition.

Illinois is the worst sufferer, many small towns being isolated.

While the cold wave will lift in the northwest, lower temperatures may be expected in the central valleys tomorrow, the forecaster stated.

Reports from the telegraph and telephone companies were that many hundreds of poles are down, broken by the weight of the sleet on the wires and winds.

Sleet fell on much of this territory, converting sidewalks and streets into treacherous sheets of ice.

The death of seven persons in the Chicago territory is attributed to this condition.

Scores of persons were injured by falls.

KANSAS CITY, Mo., Dec. 22.—A score of minor accidents as the result of slippery pavements marked Kansas City's first day of near zero weather. Sleet and snow, accompanied by the low temperature,

Conspiracy Trial Delayed

Federal Judge Ill. Excuses Witness
Until December 29

CHICAGO, Dec. 22. (AP)—A continuance was taken in the Forbes Thompson veterans Bureau conspiracy trial until December twenty-ninth. Federal Judge Carpenter is confined at his home with a severe cold and directed that all jurors and witnesses be excused for the week.

The cold wave which gripped this section, delaying trains and caused suffering among the poorer classes will continue the weather bureau forecast today.

All of Kansas reported snow fall of one to two inches and temperatures ranging from four below zero to 20 above zero.

ST. PAUL, Dec. 22.—Continued fair tonight and Friday, colder tonight, was the forecast here today. This section escaped extreme cold last night for some unaccountable reason, the weather bureau said, but the thermometer started falling from 2 below zero at 6 A. M., and shippers were warned to protect for 10 below zero tonight. It was 5 below at 9 A. M. the thermometer having fallen 3 degrees in three hours.

DETROIT, Mich., Dec. 22.—One million and a half people here skated to work this morning over sidewalks and streets gliding with a sleath of ice.

Late last night a steady drizzling rain turned to sleet as the temperature dropped. Streets cars, carrying thousands of office workers from outlying districts were many minutes behind schedule. Autos were moving along at a snail's pace.

Telephone and telegraph wires all over the state were reported down and service was seriously interrupted. Telephone companies were compelling calls to a few cities only.

Queen Alexandra's Mother Continues Interest In Affairs

LONDON, Dec. 21. (AP)—Even her country home in Yorkshire to which she retired a year ago, Queen Alexandra has not lost her touch with the affairs of London with which she has been associated for more than half a century. The hundreds of hostesses who entertain during the season, like the royal family, always remember the Queen Mother and she receives invitations to all affairs just as she did when she lived at Marlborough House, across the park from her son's home.

Whenever a dinner party is given by anyone whose position allows, an invitation is sent to the Queen Mother, and this is usually followed by a note of regret and expressed wish on account of the affair, with the names of the guests, the dresses and other details be sent to her. When the Queen first retired to Sandringham most of her friends made regular trips to visit her, but during the last few months her physician has demanded that she give up the fatigue of these visits and is now only through the post that she can hear of the neighborhood gossip.

When Queen Alexandra moved into Marlborough House she continued to keep open house for the many members of the royal family who enjoyed the right of entry to the palace under the genial Edward. The custom is still continued at Sandringham and there is hardly a day when some member of the family is not the guest of the Queen Mother.

The king and queen have spent several weeks with her at Sandringham this year, and each of the princes had paid a visit to his grandmother. Recently before the two sons of Princess Mary came to London they were taken to see their great-grandmother, and at the same time were officially introduced to their great-grand aunts, the Dowager Empress of Russia, the Dowager Queen Olga of Greece, and their aunt, Princess Victoria, who is her mother's constant companion.

Rare American Stamps Bring Big Price In London

LONDON—Sir Nicholas Waterhouse's famous collection of American stamps was auctioned in London recently and realized \$48,500. Many of the stamps will remain in England, but a large number will return to America. Elliott Perry, of New Jersey, paid \$1,425 for a ten-cent block of 1891 stamps which originally cost Sir Nicholas about \$150.

Another rare block of eight five-cent brown stamps of the issue of 1817, realized \$3,750, and was purchased by Philip Ward, of Philadelphia. Seven years ago this block was bought by Sir Nicholas for \$100.

Local Boy Is Badly Injured

Billie Bohannon Felled While Play-
ing Hide and Seek.

Master Billie Bohannon, age eleven, and son of Mr. and Mrs. H. T. Bohannon is suffering from a very serious accident which befell him on Sunday night. While playing hide and seek in the rear of Callisons store with a group of boys, he fell from the platform of the rear steps. The distance from the platform to the ground was about 12 feet and he landed on a concrete floor fracturing his skull. He was taken immediately to the hospital where an operation was performed Sunday night. The accident happened about 5 p. m. His companions state that Billie was standing on the platform with his back to the steps and apparently stepped backward not realizing he was as close to the edge. Physicians in attendance state that it is wonderful the courage the little fellow showed after the accident. It will be several days before his recovery is assured.

Two Days Left Now To Fill Xmas Kettles

Only two days remain in which to fill the kettles of the Salvation Army so that they will boil sufficiently to provide Christmas dinners solely on the army for Yuletide cheer.

This is the only means the Salvationists have for raising the Christmas fund with which to meet the expenses of providing the baskets and the toys for the children, which is a part of Salvation Army work throughout this country.

Thus far the contributions have not been quite so large as the officers in charge had hoped, but between now and late Christmas eve, it is thought the amount will be considerably swelled.

Boxes for coins have been placed on the counters of several stores and eating places by the local army and it is to be hoped that everyone seeing them will drop in some change.

In England Colds Cost \$100,000,000

LONDON, Dec. 22. (AP)—The costliest disease in England in the aggregate, is the common cold, and the 60,000,000 to 80,000,000 cases of sniffles that will develop in the British heads during the coming winter will cost in the neighborhood of \$100,000,000, according to a London Medical Health Officer.

He bases his figures on an average cost in loss of time, lowered working capacity, medicines and doctor's bills at \$1.25 a cold, although in many cases the cost mounts up to \$50 or more.

Cumberland Gap Youth Dies

Robert Moss, son of Mr. and Mrs. R. R. Moss died Sunday following a severe illness caused by accident some three months ago. Mr. Moss is survived by mother, father, one brother who is in Hawaii, and one sister, Mrs. J. E. Fulton. He leaves a host of friends to mourn him.

Garage Burns

The Garage and Chevrolet car of Robert Cawley at Rosworth, Ky., burned last night. Facts as to how the fire started or as to the extent of the loss were not obtainable at time of going to press.

PLANES TO BE ATTACHED TO EVERY SHIP

Admiral Moffett Testifies Before
House Investigating
Committee.

WASHINGTON, Dec. 22. (AP)—That only two hundred and four of the eight hundred and forty planes in the possession of the navy could be used effectively in warfare, is the statement made by rear Admiral Moffett, today before the special aircraft investigating committee of the house. This means that our navy owns about five hundred airplanes which are obsolete and might as well be junked, according to Mr. Moffett.

He further stated before the committee that two fighting and one observation plane will eventually be placed on every ship but on November first of this year there were but one hundred and seventy-seven planes afloat and doing service on American ships.

New Mines Found In Colorado

Tennite, Assaying \$120,000 A Ton,
Discovered At Bottom of
3,000 Foot Shaft

DENVER, Colo., Dec. 22. (AP)—With new capital pouring into development work in the Colorado hills that have produced many millions in valuable ores, and hundreds of prospectors trekking through abandoned tunnels, the mining industry in Colorado is staging a notable "come-back."

A recent extensive survey of the mining activities of the state disclosed that 32 metals are produced in Colorado on a commercial basis. They range from arsenic, which brings 15 cents a pound, to radium with the enormous value of \$120,000 per gram.

New strikes of rich ores have been reported from many former wealth-producing camps, but it is estimated that Cripple Creek, famous of many millionaires to unearth one of the richest mineral veins in the history of the state's mining operations.

After a period of ten years' depression, during which it was believed that all the "golden creeks" had been skimmed from the earth around the famous old mining camp, Cripple Creek reported the discovery of a rich deposit of the rarest and most valuable of minerals. The discovery, which is thrilling the mining world, was made in the state's deepest shaft—at the 3,000 foot level—and already several carloads of the mineral have been shipped to smelters.

Tennite is a new member of the tellurium element, of which sylvanite and calaverite, also, are members. Unlike the latter, however, which are found in a flaky substance, the new discovery—tennite—has been found in solid cubes and, according to Cripple Creek reports, assays as high as \$120,000 per ton. The new gold telluride promises to put Cripple Creek again in the front rank among the gold producing camps of the world.

Syp Bryd's Body Arrives

News Boy Killed On Train, To Be
Buried Here

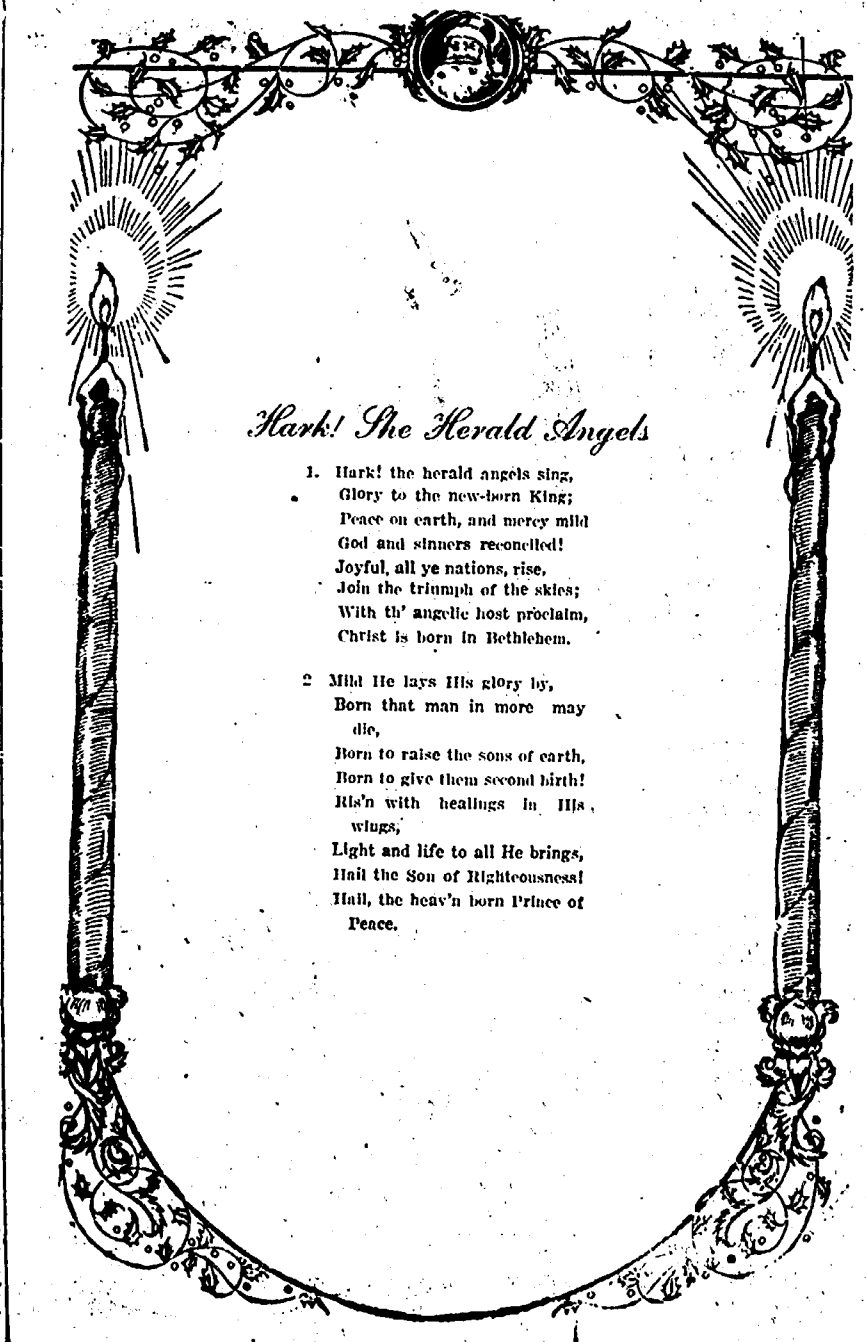

The body of Syp Bryd, former Middlesboro citizen who was killed in a negro coach of an Illinois Central train, near Paducah, Kentucky, arrived in Middlesboro Sunday morning from Louisville and was taken to the home of his sister in Birmingham. The funeral will be held at the Birmingham Baptist church Tuesday 10 A. M. Burial will take place in Calvary cemetery. Reverend Chadwell will conduct the services.

Bus Line Sold To Electric Co.

The Middlesboro Electric Co., company, operators of the big power buses between London and Middlesboro, has been sold Wednesday to the Ohio Valley Electric Company, and the company taking control of the bus line Sunday afternoon. It was reported whether or not it is the intention of the street railway company to continue operation of the bus line, but the company has not yet decided.

Garage Burns

The Garage and Chevrolet car of Robert Cawley at Rosworth, Ky., burned last night. Facts as to how the fire started or as to the extent of the loss were not obtainable at time of going to press.

Hark! The Herald Angels

1. Hark! the herald angels sing,
Glory to the new-born King;
Peace on earth, and mercy mild
God and sinners reconciled!
Joyful, all ye nations, rise,
Join the triumph of the skies;
With th' angelic host proclaim,
Christ is born in Bethlehem.
2. Mild He lays His glory by,
Born that man in more may die,
Born to raise the sons of earth,
Born to give them second birth;
Hail with healings in His wings,
Light and life to all He brings,
Hail the Son of Righteousness!
Hail the heav'n born Prince of Peace.

Church Going Gains Impetus In England

LONDON, Dec. 22. (AP)—The churches of Great Britain have increased in membership in the last year on a scale not recorded since the great Welsh Revival. With three small exceptions, the church in Wales, the Scottish Episcopal Church and the United Free church of Scotland, every denomination has increased its number of communicants or members, the total increase recorded being 110,000.

While this increase has been made in the adult section of the churches, there has been a decrease of 23,662 in the number of Sunday school scholars.

The strength of the churches in Great Britain is summarized as follows:

Communicants and members: 5,846,187; Sunday School scholars: 5,495,292; Roman Catholic population (England and Wales), 1,997,250, making a total of 13,338,729. These figures, however, are not complete, as they do not include the statistics of the Salvation Army, the Free Church of Scotland, the Unitarians, except as to their Sunday schools, and a number of smaller communions, such as the Plymouth Brethren. As affording a fairly complete record, however, the figures may be compared with the last population census of 1921, 42,767,530. On this basis, one person in every three is associated definitely with a Christian church.

Cold Wave Relaxes In The Far West

CHICAGO, Dec. 22. (AP)—The icy grip of winter is slowly relaxing in that far west and the Rocky Mountain regions while it is tightening in the middle west. Five departments of middle western cities answered hundreds of calls. Considerable suffering is reported among the poor but relief organizations are not overtaxed with demands.

Three members of a family in Casper, Wyoming, burned to death following an explosion resulting from lowered gas pressure while extinguishing fires in their home. Eight deaths are reported in Missouri. Kansas and Oklahoma suffered thousands of dollars property damage. One man was frozen to death.

Vienna Streets To Be Well Lighted

VIENNA, Dec. 22. (AP)—One of the largest water power plants on the continent located at Partenkirchen, Upper Austria, was opened recently and, within the next few months, will begin generating electricity for all of Vienna and its immediate vicinity.

The state controller general, Dr. Zimmerman, at the formal ceremonies, asserted that completion of the works marked a stepping stone in the post-war history of Austria, and pointed to this accomplishment as an example of the proper way in which to fight poverty in the post-war era.

Just a few more months and we will have to take the storm winds down again and put up the screens.

NEWS FROM THREE STATES

KENTUCKY

KENTUCKY

Richmond—A result of the recent four and one-half weeks revival campaign in Mayfield by Howard S. Williams, a former Mississippi newspaperman, and a layman evangelist was made evident here today when the garages and gas filling stations announced that from henceforth they would remain closed on Sunday, that their help may have one day of rest in seven.

RICHMOND—The little mining town of Dudley, on Caudill's Branch, just out from Blackey, in Letcher county, has a large number of smallpox cases and mine work is crippled indefinitely. It is said. A general order of vaccination has been made and physicians are busy. Every effort is being made to prevent spread of the disease.

CYNTHIANA—Mr. and Mrs. Charles Rieckel will celebrate their seventieth wedding anniversary at their home on Court street tomorrow. There will be a family reunion with all the children, grandchildren and great-grandchildren. Mr. Rieckel was born in Germany October 27, 1855, and came to America July 18, 1853, and located at Paris. He was married to Miss Mattie Hite of Paris, December 19, 1854, and came to Cynthiana in 1857, where they have since resided. Mr. Rieckel, a watchmaker, and since coming to Cynthiana has been engaged in the jewelry business. Although more than 69 years of age, he continues to work at his bench. Mr. Rieckel is a baseball fan, attends games at home and elsewhere during the season. He listened to the world series over the radio this year. His companion for these 70 years has been a woman devoted to her home and family.

LEXINGTON—This is home butchering month in Kentucky, Grady Sellards, of the College of Agriculture, said today. Probably 75 percent of butchering and curing meats on farms is done in December, he said after a series of porkcutting demonstrations in a score of counties. Mr. Sellards recommended a system of cutting in which the backbone is split and the upper third of the shoulder is removed.

RICHMOND—A triple funeral for Mrs. Alma Starkwater, 24 years old, and her son, Samuel 2, and an infant daughter, who was asphyxiated in their home in Baltimore was held at Letchfield, their former home, Thursday morning.

DANVILLE—Harold Ofstie, assistant football coach at Centre and head basketball and track coach, left today for New York City, where he will attend the national collegiate meeting of coaches and athletic directors.

OWENSBORO—Within 24 hours the thermometer dropped from 63 to 13 in Owensboro. This drop was registered by the government weather reporter, H. S. Berry. This was between 5:30 Thursday afternoon and the same hour today. Light flurries of snow fell during the day.

BARBOURVILLE—Last Thursday evening Mr. and Mrs. Ben Herndon gave a "racky" party at their home on Knox street. Miss Roberta Cole was awarded the first prize for having the tackiest costume. Miss Mae Carter and Mrs. Gibbs Lusk were given honorable mention. Jim Miles and Bill Riley were winners of the men's prizes for having the tackiest costumes.

Games were played throughout the evening.

RICHMOND—Mr. Albert Long was given a surprise birthday party dinner at the home of his daughter, Mrs. J. L. Coffee. This was his 82nd birthday and he is hale and hearty and has always enjoyed the best of health.

BARBOURVILLE—George Hut-ton announces that he has purchased the business property of H. W. Bowman, and will move his shoe shop to the Bowman building about January 15. The price of the transaction was not made public.

BARBOURVILLE—Anna Frances Dishman, who left with her aunt, Mrs. J. A. McDermott, last week for Florida, arrived there Saturday. She says she likes the land of sunshine and flowers.

RICHMOND—The New Madison independent tobacco warehouse today reported the sale of 129,555 pounds of tobacco for an average of \$24.76. The high basket brought \$31. No sales were held at the Home house. Sales will be continued there Monday.

CARROLLTON—The Gayle loose leaf tobacco house sold today 34,065 pounds which averaged \$22.01.

HAZARD—Davis Morris, 23, Perry county's champion boxer, died here Thursday. Death is said to have been due to poison from moonshine whisky. Funeral arrangements have not been made.

PARIS—As a result of an epidemic of burglaries which have

taken place here during the past few nights, citizens are sleeping with revolvers in reaching distances.

RICHMOND—Gov. W. J. Fields late Thursday took under advisement plea for reinstatement into office of town marshal of Wayland, Floyd county, Verne Castle, who was ousted by the governor on December 10, under the 1920 act requiring an official to exercise all care in his power to prevent mob violence.

BARBOURVILLE—Mrs. J. A. McDermott, accompanied by her niece, Miss Anna Frances Dishman left Friday for St. Petersburg, Fla., to be with Judge E. B. Dishman, who is ill at his home there.

TENNESSEE

NASHVILLE—As the result of work performed in Europe, saloons and dance halls are fast being transformed into Methodist meeting houses and chapels, according to the Reverend J. L. Neill, missionary of the Methodist Episcopal Church, South, who has just returned to the United States after three years abroad.

The Central Church at Prague, formerly known as "Marble Hall," was considered one of the most up-to-date dance halls in Europe, according to Mr. Neill, and the church at Vrsovice was an old dance hall, which the Methodists purchased and turned into a chapel. He said that most of the work up to the present time has been accomplished in saloons and entertainment halls.

LA FOLLETTE—John M. Irwin, prohibition officer, accompanied by Sheriff Gaylor and deputies W. C. Byrd, John Wilson and W. M. Mallicoat, made a raid on White Oak last Friday, which resulted in a battle in which Tom Marlow was fatally wounded. It is thought that two other members of the moonshiners' party were wounded.

The officers report that on approaching the still which was in operation, the operatives ordered the officers to halt, and fell in behind a double row of barrels and immediately opened fire on the officers.

The still was of 60 gallon capacity. About 1,000 gallons of beer and four gallons of whisky were captured.

Marlow was taken to Knoxville on the afternoon train Friday, where he soon died.

Other arrests are expected to follow, since the officers know the others who are implicated.

LA FOLLETTE—Mr. Freels

Riggs arrived from Riverside Military Academy, Gainesville, Ga., Friday to enjoy his holiday vacation with his mother, Mrs. Stella Riggs.

LA FOLLETTE—Bettie Gall-hey is confined at home with whooping cough but is doing nicely.

VIRGINIA

ROSE HILL—Anna Mae Hables arrived home Saturday night from Radford where she has been attending the teacher's college.

The primary grades of Rose Hill high school enjoyed the Christmas tree and visit of Santa Claus on Friday afternoon. Other grades had Christmas boxes and the children exchanged gifts and were remembered by their teachers.

The first mid-term examinations held at the High School were finished before the dismissal for the holidays.

The new annex to the school building is at last under a roof.

Mr. and Mrs. J. H. Banner have moved in their new dwelling near the Christian church.

Irvin Cobb's Favorite Stores

Tricks of the Trade
Once upon a time I enjoyed the acquaintance of a street fair worker who gave up banking for 'no the Snake-Eater who run a hot dog stand. He made it pay, too, until imitators began to copy his methods and so spoiled the game.

But for awhile the customers swarmed thick about his sidewalk establishment, and trade among his rivals couldn't understand it at first and neither could I until the lucky merchant in confidence explained things to me.

"The secret," he said, "of my success is that I sell two frankfurters for the price of one. Naturally that brings the custom to me and takes it away from my competitors along the line."

"How can you afford to do it?" I asked.

"I can't and I don't," he paradoxically replied.

"But I see you doing it as you just said—"

"Hold on," he broke in; "let me explain: In my left hand you see me holding up a roll with the tips of two frankfurters sticking out at one end of it. You see me spread

the mustard and frank on the first frankfurter, and then you see me hand it over to a sucker. Well haven't you noticed that nearly always he comes back in a minute and complains that when he started to eat he found only one frankfurter in the roll?"

"Yes, but you explained to him that in the crowd somebody must have jostled his arm so that one of the frankfurters must have fell on the ground and was trampled in the dust."

"So I did, but that was part of the plant. The rest was slight of hand. Look here." He held up his left hand. "Do you observe that I have no nail on my left thumb? It was washed off years ago and never grew back. And you also observe that my thumb is painted a rich dark brown with iodine?"

"Yes."

"Well, when a sucker buys two frankfurters one of those frankfurters is my thumb."

A political party is an organization to split about something.

MANY SCHOOL GIRLS HAVE GOITER Simple Treatment Discovered to Prevent It

Goiter is generally considered more of a disfigurement than anything else, especially in the case of young women. But medical science has found that Goiter or thyroid trouble has a very decided effect upon the physical and mental condition of those afflicted. Health authorities in many states have taken up the fight against Goiter and they are recommending the use of table salt, which contains enough iodine to keep the thyroid in a healthy condition. State health officials have given their endorsement to MULKEY'S IODINE SALT and urge its use in every family. Grocers have been supplied, and it is now possible for parents to safeguard their children against Goiter without any expense or trouble.

For Cooking and Table Use

MULKEY'S IODINE SALT in taste, color and seasoning quality is just like any other high grade fine running salt. Use it every day for cooking and on the table. Your grocer will supply you. Tell him you want MULKEY'S, the original IODINE SALT distributed through the grocery trade for Goiter prevention.

Miss J. E. Thompson and daughters, Misses Francis and Sarah, are spending the day in Pineville.

Early Gifts

Come Handy

Another advantage of the postman's admonition to mail Christmas presents early is that the sender stands a better chance to get his stuff into the hands of people who had not intended to reciprocate and thereby get their return gifts in time to send them on to somebody, else and save first cost.

Auto More Deadly

Than World War

Automobile accidents accounted for 16,152 deaths throughout the United States last year, federal commerce department figures show. According to the 1920 census, there is not a town in Idaho, Nevada, New Mexico or Wyoming with as many as 16,142 inhabitants.

Leavenworth, Kan., with 16,912 and Muscatine, Ia., with 16,908 have populations about the size of America's last year's death toll. Laporte, Ind., has not quite so many, 15,158; Key West, Fla., has only a few more, 18,749. Automobiles killed last year in America only 3,907 short of half as many as all the Americans killed in action in the world war.

THE MARKETS

LOUISVILLE, Dec. 22. (AP)—Cattle, five hundred, strong, two to eight dollars. Hogs, twenty five hundred, fifteen higher, five to ten forty. Sheep, forty, steady. Lambs, twelve to thirteen. Sheep, five-fifty. Bucks, three fifty, down.

Hurst and wife, Detroit. Ben Wall, Pulaski, Ga. J. S. Nix, Atlanta, Ga. V. Calcasius, Atlanta, Ga. R. K. Luntinger, Charleston, W. Va.

FASHIONS & FOIBLES

by Shirley Sharon

One good tier deserves another to be the working plan of a Paris frock of bronze-brown crepe faille with the collar, facing, cuffs, and bindings of amber satin.

Tiers across the front of a silk frock serve a double purpose. The first and obvious objects is to trim a simple dress and they do it most effectively, giving it at once a more important look without destroying its simplicity. Their second raison d'être is less apparent but none the less important. They give a little body to light crepe satin, silk crepe or faille silk and keep these rather shabby materials from falling in between the knees. With the tiers, a bit of embroidery, braiding or bead work on the pockets, a color contrast in the trims and binding one has an elegant and a very individual looking frock.

Sweden Likes U. S. Traffic Methods

STOCKHOLM, Dec. 21. (AP)—Americans visiting Stockholm will be reminded of their own Fifth Avenue as soon as this city can carry out the plans for modernized traffic control from signal towers which have been drawn up by chief of Police Gustaf Hareldman.

Mr. Hareldman has recently returned from New York, impressed by the methods of traffic control in that city and is employing many American ideas in his scheme for regulating the vehicular traffic in the Swedish capital.

U. T. TO GIVE SHORT COURSE JAN. 19 28

Special Short Courses For Tobacco Growers And Dairymen To Feature Session.

The College of Agriculture will give its annual free short course for farmers January 19 to 24 with a special two day course for tobacco growers January 22 to 24, and a special course for dairymen lasting ten days or January 19 to 28, according to Dean C. A. Wilson.

The short course has been shortened from the usual month in length in view of the fact that the busy farmer can hardly spare a month away from his farm. The courses this year will consist largely of lectures which will be given by members of the college staff.

Crop improvement methods, better soil, soil building, terracing, discussions of various crop problems, etc., will make up the Agronomy program.

The tobacco course will consist of lectures on tobacco cropping system, tobacco insects and diseases, factors in successful production, etc., subjects being handled by skilled growers as well as members of the college staff.

The short course in dairying will be ten days in length beginning January 19 and continue through the 28th. The aim of this course will be to give training in dairy manufacturing and will be limited to men who have had actual creamery experience. The work will include laboratory practice and class work in making starters, judging butter, pasteurization of cream, cream grading, creamery testing and churning, and the manufacture of ice cream and commercial buttermilk. Twenty-one lectures by experts in the field will be given during the session.

One good tier deserves another to be the working plan of a Paris frock of bronze-brown crepe faille with the collar, facing, cuffs, and bindings of amber satin.

Tiers across the front of a silk frock serve a double purpose. The first and obvious objects is to trim a simple dress and they do it most effectively, giving it at once a more important look without destroying its simplicity. Their second raison d'être is less apparent but none the less important. Estelle Taylor To Get Divorce

PHILADELPHIA—Court records reveal that the divorce action against Kenneth Maholin Peacock by his wife Ida Estelle Taylor Peacock motion picture actress whose reported engagement to Jack Dempsey has been denied several times, needs only the taking of a final rule for the granting of a decree of divorce. The suit was brought on September 29, in common pleas court here. A matter was appointed in October and his report was filed in November. As no exception to the report was made, it was approved December 8 and awaits only the final order of the court.

The College of Agriculture will give its annual free short course for farmers January 19 to 24 with a special two day course for tobacco growers January 22 to 24, and a special course for dairymen lasting ten days or January 19 to 28, according to Dean C. A. Wilson.

Sweden Likes U. S. Traffic Methods

STOCKHOLM, Dec. 21. (AP)—Americans visiting Stockholm will be reminded of their own Fifth Avenue as soon as this city can carry out the plans for modernized traffic control from signal towers which have been drawn up by chief of Police Gustaf Hareldman.

Mr. Hareldman has recently returned from New York, impressed by the methods of traffic control in that city and is employing many American ideas in his scheme for regulating the vehicular traffic in the Swedish capital.
